

4201-xxxx

All-purpose trays

Declaration of Compliance Food regulatory assessment

Our supplier confirms that the compounds used to manufacture the laboratory trays manufactured in Polypropylene, are suitable for food contact and they comply with the following Legislation:

- Commission Regulation (EU) No. 10/2011 of 14 January 2011 and subsequent modifications with Regulation (UE) 1245/2020 on plastic materials and articles intended to come into contact with food;
- Regulation (EC) No. 1935/2004;
- Regulation (EC) No. 1895/2005/CE;
- Regulation (EC) No. 2023/2006, and subsequent modifications;

Primary aromatic amines: the determined value by laboratory test is well below the admissible limit value according to Regulation (EU) No. 10/2011 of 14 January 2011 and subsequent modifications, on plastic materials and articles intended to come into contact with food.

Testing of products carried out by Accredited Laboratory proved suitability for contact with aqueous foods, acid, alcohol, oil or grease for which it is intended the use of simulants A, B and D2, including the fulfilment of the applicable requirements of migration.

In the material there are no substances regulated by the 1333/ 08 / EC and Regulation 1334/ 08 / EC (also substances called "dual use" additives).

Further tests are not carried out by us.

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of certificate is 002284-QM15.
