Declaration of Compliance

Food Contact Compliance Assessment

Food contact legislation

The resins, colourants and lubricants used in finished components that come into direct contact with the filled product are declared to comply with Commission Regulation (EU) No 10/2011, including amendment (EU) 2025/351. The materials are also declared to meet the applicable requirements of Framework Regulation (EC) No 1935/2004. Relevant constituents are listed in accordance with Regulation (EU) No 10/2011.

Good Manufacturing Practice (GMP)

Products intended for food or pharmaceutical applications are declared to be manufactured in accordance with the principles of Regulation (EC) No 2023/2006. Assembly is carried out under controlled environmental conditions.

Packaging and Restricted Substances

Compliance with Directive 94/62/EC on packaging and packaging waste, including the applicable requirements concerning heavy metals, is confirmed based on available compliance documentation.

Furthermore, compliance with the relevant restrictions on heavy metals, flame retardants and phthalates under Directive 2011/65/EU (RoHS II), as amended, including Directive (EU) 2017/2102, Delegated Directive (EU) 2015/863 and Directive (EU) 2019/1846, is declared.

REACH

The materials used are sourced through supply chains committed to compliance with Regulation (EC) No 1907/2006 (REACH).

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of certificate is 002284-QM15.
