Declaration of conformity
Food regulatory assessment

Our suppliers confirm that the raw materials used for the manufacture of this article are suitable for food contact and compl y with the following legislation:

- Commission Regulation (EU) No. 10/2011 of 14 January 2011 and subsequent amendments on plastic materials and articles intended to come into contact with food;
- Regulation (EC) No. 1935/2004 on materials and articles intended to come into contact with food;
- Regulation (EC) No. 2023/2006 on Good Manufacturing Practice for materials and articles intended to come into contact with food.

Primary aromatic amines:
The colorants used comply with the requirements of BfR Recommendation IX (Colorants for Plastics). Heavy metal contents are below the specified limits.

Dual-use additives:
Based on the information available to us, the materials used do not contain declarable dual-use additives.

Migration tests were additionally performed on the finished product in accordance with Regulation (EU) No. 10/2011.
The results confirm that the tested materials comply with the relevant food contact legislation.

Substances with specific migration limits (SML) according to Regulation (EU) No. 10/2011 are complied with and remain below the applicable limits.

Further testing is not routinely performed by Bürkle GmbH.

The declaration is based on our current state of knowledge and information provided by our supplier at the time that the document was drawn up. The supplier – Bürkle GmbH in Bad Bellingen/Germany – is certified according to the standard DIN EN ISO 9001 by the DQS (German Society for Quality Assurance) since 1995. The number of certificate is 002284-QM15.
