

Customer information according to Article 33 (1) of the EU Chemicals Regulation EC 1907 / 2006 "Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)"

According to the definition of the above mentioned guideline Bürkle GmbH is a downstream user and therefore not responsible for the registration of substances. According to Article 33 (1) Bürkle GmbH has a duty to inform for substances of very high concern contained in articles, so-called SVHC substances.

The information provided in this document corresponds to our current knowledge at the time of publication. We rely on the information provided by our supply partners and therefore exclude liability claims due to missing information on the part of the supply partners. We update the list as soon as we have new or changed information.

Since the update of the SVHC list in June 2018, lead (CAS number 7439-92-1) is also listed. However, there is no ban on the use of this substance. Lead has been used in many everyday products for a long time, for example many brass alloys contain lead. This ensures better processing. The lead is firmly bound in these compounds and cannot pass to the medium under normal conditions. Wherever possible, the use of lead is avoided. Lead-free brass alloys are currently not yet available in all necessary sizes or shapes. In addition, lead-free brass is more difficult to process.

Bürkle GmbH observes the market and suppliers and tries to use lead-free alternative products.

The following is a list of products that contain lead in a concentration above 0.1 mass percent, with the name of the affected assembly.

Article number	Article description	Component(s) concerned
5303-9x00	Label dispenser for close-it 95x95 mm or 150x150 mm	Rivet
5305-01x0	MiniSampler PE / PTFE	Rivet in case, screw fitting weighting tube
5305-1000	ProfiSampler PP	Rivet in case, screw fitting weighting tube
5305-1100	ProfiSampler aluminium	Mounting for feet, weighting, cover, piston, head, ball head, hose weighting, adjusting screw, valve seat
5309-0020	Manually-operated reel PA, electrically conductive	Ball handles, base body screw connection
5309-0030	Manually-operated reel EX w/ grounding cable	Earth cable connection, ball handles, base body screw connection, front handle, rear handle
5309-0040	Manually-operated reel, PP, green, for Target immersion cylinder	Quick-release coupling
5314-3000	UniSampler EX	Hose weight
5327-1000	Vampire sample collector	Rivet in case, basket for bottle attachment
5330-xxx0	LiquiSampler PP / PTFE/FEP	Threaded insert push button
5365-1000	Immersion vessel, brass, 1000 ml	Stop, outer tube, bottom, bolt, shackle, shackle fastening, cover, shackle fastening, lock
5365-3000	Dipping bottle EX, brass, 1000 ml	Outer tube, base, lid attachment, bottle neck, handle, stopper
5365-4000	Dipping bottle glass, 1000 ml	Mounting plug incl. fastening, outer tube, base, base fastening, bracket, bracket fastening
5365-5000	Mini immersion cylinder, V2A, 50 ml	Connection nipple quick release
5365-6000	Target immersion cylinder, 500 ml	Outer pipe, base, cover, riser pipe
5365-7x00	Immersion cylinder, brass	Outer tube, fixing bracket, bracket fixing, cover, shackle, lower part, lock, locking bar
5601-0100	Barrel screw joint brass, R2" fine thread, external	Screw connection
5601-0130	Barrel screw joint gas-tight, R2" fine thread, external	Screw fitting, clamping ring, non-return valve
5603-0110	Withdrawal system for solvents, pressure regulating unit	Double nipple, threaded piece, reducing nipple, reduction, safety valve, T-piece, volume flow limiter, elbow
5603-xx00	Solvent pump foot operation with discharge elbow / hose	Connection nipple quick release, quick-release coupling
5603-500x	Withdrawal system for solvents discharge elbow / hose	Housing base, volume flow limiter, non-return valve
5611-x090	Barrel pump gas-tight V2A with hose	Screw connection, clamping ring, extension, screw-in fitting, angle
5900-xxx0	AccuOne/ EnergyOne barrel pump	Thread insert coupling cross
8619-0xxx	stop-it hose clamps, Easy-Click	Knurled nut
9695-xxxx	Titration burette	Press-in thread, brass pin
9805-0xx0	SnowPack dry ice machine	Connecting piece, lock nut N2-connection, nut for handle, union nut
